Headteacher's News

Next week is our Sports Day and Family Picnic. For those of you who didn't come last year, this is how it works: The children take part in a mixture of carousel activities and races; every child can have a chance to enjoy something sporty and those who have real talent can have an opportunity to show it off. Weather permitting, the events will start from about 9:30 with KS1 (Y1-2) starting with their carousel activities and KS2 ((Y3-6) starting their competitive races. The groups will swap over at about 10:30, at which point Cherry class (YR) will join the rest of the school. At the end of the morning, we invite any adult who has been watching to stay for a picnic lunch and enjoy playing some games with their children. Please bring a bit of change to spend at our FOCP stall! Just to remind you, the children come to school ready changed with their House colour T-shirt, a picnic lunch, a bottle of water and a hat. On Friday, is our whole school Shuffle Up Morning during which each class will spend time with their new teacher for 2018-19 (details below). Our new teachers, Miss Inman (Y1) and Mr Green (Y6), intend to be around at the end of the day so you can say a quick hello. Have a lovely weekend

Science Week

What a wonderful week we've had! The excitement around our Science Week certainly didn't disappoint.

It started with the Science Fair and went on to include exciting Scientific experiences. We really enjoyed spending Wednesday in our House groups and having adults pop in and out during the day to share in our learning. The tarantula brought in by Zoo Lab was a bit of a Marmite feature! Love it or hate it...

The week has ended with Evelyn's nan coming in today with her microscopes. And there were a lot of explosive noises coming from the hall where Explore Dome were carrying out experiments.

"My favourite activity on Wednesday was making the poo in Mr Jones' class because we got to find out how the digestive system works." Logan O Y5

"I liked the bit where we put tons of Skittles around and made a pretty pattern. I put one orange right in the middle and four green Skittles and I put a little hump and we tipped all of the water in the hump." Lily Y1

"I made a butterfly machine for the Science Fair and when you pull the wood up it spins one way and when you pull the wood down it spins another way." Leia-Louise Y2

"I made a food chain. It had a chinstrap penguin and it had the food chain of some of Antarctica." William M Y2

Thank you to Mrs Parker for organising the week and **Inspiring** us.
